

CALIFORNIA ASIAN AMERICAN & PACIFIC ISLANDER VOTER GUIDE

ELECTION DAY: TUESDAY, NOVEMBER 6TH, 2018

All communities are healthier, safer when everyone has access to an affordable home, a good education, and clear air and water.

Across California, many of our families are being displaced from their homes due to evictions and rising rent costs. Our schools and vital services are underfunded due to corporate tax loopholes, and profit-driven decisions are made at the expense of our health and safety. Asian American and Pacific Islander communities are affected by these issues as well as other communities of color. *Our struggles for better access and resources are interlinked with the historic and current fights waged by Black and Brown communities.*

This November, we have the power to build towards this vision and reinvest in our communities. Asian American and Pacific Islanders are voting at higher rates than ever, and our vote could be the deciding factor in this election!

GENERAL ELECTION STATE MEASURES

YES

PROP 1: THE VETERANS AND AFFORDABLE HOUSING ACT

Allows the state to issue \$4 billion in general bonds to fund affordable housing programs and projects for low-income Californians, farmworkers, and veterans.

YES

PROP 2: HOUSING BOND FOR HOMELESSNESS

Allows the state to use \$2 billion in bonds to build permanent supportive housing with mental health services for the homeless. It aims to address the housing needs of CA's chronically homeless population.

YES

PROP 3: FUNDING WATER SUPPLY, QUALITY, AND WATER INFRASTRUCTURE

Allows the state to borrow \$8.8 billion in general bonds to fund safe drinking water, water-supply infrastructure, watershed protection and restoration. The proposal also provides extensive benefits and priority to disadvantaged communities and economically distressed areas.

YES

PROP 4: CHILDREN'S HOSPITAL BOND

Allows the state to borrow \$1.5 billion to fund grants for capital improvements, including construction, expansion, renovation and equipping for qualifying children's hospitals.

NO

PROP 5: PROPERTY TAX TRANSFER

Allows homeowners 55 or older to transfer their property tax discount to their new home anywhere in the state, no matter the new home's market value or number of moves. This will result in loss in revenue of over \$2 billion for schools and social services.

GENERAL ELECTION STATE MEASURES

NO

PROP 6: GAS TAX REPEAL

Overtakes the 2017 car fee and gas tax that pays for repairs and improvements to local roads, state highways, and public transportation (including transit, bicycle and pedestrian projects). If passed, the state would lose up to \$5 billion per year.

NEUTRAL

PROP 7: DAYLIGHT SAVINGS

Gives the state legislature the power to switch the state to permanent daylight savings time, but only if Congress approves.

YES

PROP 8: DIALYSIS REGULATION & PRICE CONTROL

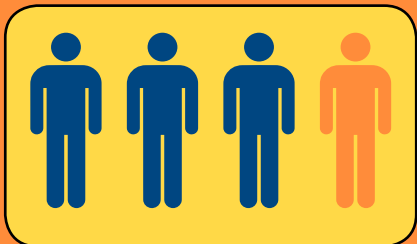

Limits the amount outpatient kidney dialysis clinics may charge for patient care and imposes penalties for excessive charges. Prohibits clinics from discriminating against patients based on the source of payment.

YES

PROP 10: EXPAND RIGHTS TO PASS LOCAL RENT CONTROL

Repeals the Costa Hawkins state law and allows local government authorities the choice and ability to enact rent control measures on single family homes, and residential properties built after 1995. This proposal would help address the rising rent costs and housing affordability crisis in California.

1 in 4
CA renters
were severely
cost-burdened,
spending 50% or
more of their in-
come on rent in
2015.

In the last 7
years, Orange
County rents in-
creased **24%**, with
a current average
rent of **\$1871**.

Californians shouldn't be struggling to stay in their homes. We are in the middle of a housing affordability crisis, and the rent is too high! It's time to vote **Yes on Prop 10!**

GENERAL ELECTION STATE MEASURES

NO

PROP 11: REQUIREMENTS OF AMBULANCE WORKERS

Requires private-sector emergency ambulance employees to remain on call during work breaks; exempts employers from potential liability for violations of labor laws.

NEU-TRAL

PROP 12: NEW STANDARDS FOR CONFINEMENT OF FARM ANIMALS

Requires pork and veal sold in CA be produced without restrictive crates, and that eggs produced cage-free. Establishes specific square footage requirements for confinement of farm animals.
